

Mixing Purathick with your favorite beverages.

THICKENING FOR YOUR LIFESTYLE

NOW AVAILABLE
amazon.com
Prime

Purathick naturally and effectively increases the viscosity of liquids for adults and children, helping to maintain the nutritional balance of beverages while on a modified texture diet.*

INSTRUCTIONS FOR PREPARATION & USE

Always wash hands with soap & water before preparation.

For best results, use a shaker to mix Purathick powder into liquid per dosage recommendations below. Shake mixture for 30 seconds, or until powder is completely dissolved. Let cold liquids stand about 5 minutes until desired consistency is achieved. Warm liquids thicken faster and can be served after 1 minute. Mix again before serving.

- | | |
|---|--|
| 1 SLIGHTLY THICK
(aka Thin Nectar)
Add 2.4g* for 7-8 fl oz | 2 MILDLY THICK
(aka Nectar)
Add 2.4g* for 5-6 fl oz |
| 3 MODERATELY THICK
(aka Honey)
Add 2.4g* for 3-4 fl oz | 4 EXTREMELY THICK
(aka Pudding)
Add 2.4g* for 2 fl oz |

*Individual serving stick packs and jar scoop are equal to 2.4g.

Proud Silver Sponsor of IDDSI, International Dysphagia Diet Standardisation Initiative. Instructions designed for use with IDDSI framework (www.iddsi.org). Tests performed by Parapharma Tech.

Not for use with infants or children under one year old. Dosage instructions may need to be adjusted based on the viscosity of the original diet. Do not use if galactosemia or allergy to galactomannans is suspected. If an allergic reaction occurs, discontinue use immediately and seek medical attention. Always consult a medical professional before thickening liquids to ensure it is appropriate for your individual needs. This product is not intended as a sole source of nutrition.

Introducing purathick™

BROUGHT TO YOU BY
parapharma**tech**

Harnessing the power
of tapioca & tara gum.

The healthier
everyday thickener.

Purathick adds less
calories and bulk
than leading corn
starch based
thickeners.

Most commercial thickeners are made of either
corn starch or xanthan gum, adding unnecessary
calories, bulk and synthetic additives to the liquid
diet. *Purathick is pure, simple & organic!*

You don't have to compromise the quality
of your food when on a modified diet.

 Better for individuals with
food sensitivities.

Free of corn, wheat, gluten, lactose, casein,
whey and soy. Purathick does not contain
any common allergens.
